(Version effective 28 09 2017)

The Board of Directors has a clear understanding that it is responsible for Plymouth Minerals Limited's ("Plymouth" or the "Company") corporate governance and recognises the importance of its corporate governance framework in establishing accountabilities, guiding and regulating activities, monitoring and managing risks and optimising the Company's performance. The Board also recognises the need to review regularly its system of corporate governance as best practice evolves over time. This Statement outlines the Company's current corporate governance framework, by reference to the Corporate Governance, Principles and Recommendations ("CGC Principles and Recommendations" or "Recommendations") of the ASX Corporate Governance Council.

The Board considers that the implementation of a small number of the Recommendations is not appropriate for the Company, for the reasons set out in the statement in relation to certain Recommendations. The Board uses its best endeavours to ensure that exceptions to the Recommendations do not have a negative impact on the Company and the best interests of shareholders as a whole and explains in the Statement the alternative processes in place to accommodate the variation.
